MEMORANDUM FOR: Deputy Director (Research)

SUBJECT : Personnel Requirements - Communications

1. The attached memorandum to the Deputy Director (Support) has been prepared for your signature.

2. DD/S approval of the memorandum will enable the Office of Communications to recruit additional personnel. Unless such action is initiated immediately, OC will be unable to satisfy the following OSA Personnel requirements:

ORCAUT Refueling/Recovery Bases

25X1A

25X1A

IDEALIST

3. We have identified requirements based upon operational concepts not yet adopted on the premise that if they are adopted, we will not be required to readress ourselves to the DD/S on this matter and if they are not adopted, we have sufficient time to cancel our recruitment requisition with no ill effects on the Office of Communications.

This document contains information  
referring to Project IDEALIST

This document contains information  
referring to Project ORCAUT

4. The inadequacy of ceiling has forced us to use this instant device and our ceiling problem is not restricted to the Communications field. Therefore, I feel that a meeting with you on the subject of personnel increases is in order at your earliest convenience.

JACK C. LADFORD  
Colonel, USAF  
Assistant Director  
(Special Activities)
